I have a batch of pdf files (thousands). I want to know total number of pages in the folder. lets say i ahve 1000 pdf files and 500 of them are single paged and 500 are 3 paged files, what i need is total count : $500+(3*500) = 1500$.

Count total number of pages in a batch of pdf files

A database is an organized collection of data, generally stored and accessed electronically from a computer system. Where databases are more complex they are often developed using formal design and modeling techniques.. The database management system (DBMS) is the software that interacts with end users, applications, and the database itself to capture and analyze the data.
