### **By Luthans: Organizational Behavior Twelfth (12th) Edition**

An organizational structure defines how activities such as task allocation, coordination and supervision are directed toward the achievement of organizational aims. Organizations need to be efficient, flexible, innovative and caring in order to achieve a sustainable competitive advantage. Organizational structure can also be considered as the viewing glass or perspective through which ...

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
