

organizational behavior and management pdf

Organizational behavior management (OBM) is a form of applied behavior analysis (ABA) which applies psychological principles of organizational behavior and the experimental analysis of behavior to organizations to improve individual and group performance and worker safety. The areas of application may include: systems analysis, management, training, and performance improvement.

In industrial and organizational psychology, organizational citizenship behavior (OCB) is a person's voluntary commitment within an organization or company that is not part of his or her contractual tasks.. Organizational citizenship behavior has been studied since the late 1970s. Over the past three decades, interest in these behaviors has increased substantially.
