â€¢ International Logistics â€¢ Logistics and Supply Chain Management Who should attend: This program is designed for leaders and supervisors in the logistics and supply chain industry or individuals wanting to pursue or advance their career in transportation and logistics. A special focus is on first through mid-level leaders in an organization.

## **Logistics and Supply Chain Management**

Outbound logistics is the last part of the supply chain ensuring the delivery of the finished ware to the various markets. For a joint success, meeting the agreed conditions like lead time, reliability, and quality, is essential. Therefore the logistics costs should be transparent and calculable at all times without sacrificing quality.
