Physicians in the United States are doctors that practice medicine for the human body. They are an important part of health care in the United States. The vast majority of physicians in the US have a Doctorate of Medicine (MD) degree, though some have a DO or MBBS.. The American College of Physicians, uses the term physician to describe specialists in internal medicine, while the American ...

However, self-diagnosis may be appropriate under certain circumstances. All over-the-counter (non-prescription) medications are offered on the assumption that people are capable of self-diagnosis, determining first that their condition is unlikely to be serious and then the possible harm caused by incorrect medication minor. Some conditions are more likely to be self-diagnosed, especially ...
