Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...

Political abuse of psychiatry is the misuse of psychiatric diagnosis, detention and treatment for the purposes of obstructing the fundamental human rights of certain groups and individuals in a society. It entails the exculpation and committal of citizens to psychiatric facilities based upon political rather than mental health-based criteria. Many authors, including psychiatrists, also use the ...
